### PARTICULARS OF MANUFACTURING INSTALLATIONS IN BAUTZEN and sundry LOCATIONS

19

# (a) LOWE Factory

1.

DONNELL worked in this factory firstly as an apprentice mechanic making tools and studying lock construction, and then as a turner for heavy items, i.e. railway coach wheels, from July 1954 to May 1955. He gave the following particulars:-

100 100

Appondix 'B'

2000

### SITUATION :- AMS Series M 841, Sheet 4852 BAUTZEN MR 589690

#### LOWE Products :-

Passenger carriages, railway goods and tipper wagons, refrigerator wagons and coach building for omnibuses. Sidelines were furniture, prams and metal household goods.

#### Production rate:-

Passenger carriages	-	SEVEN	per	week	
Tipper wagons	-	THREE	per	day	
Goods wagons	-	FIVE			
Refrigerator wagons	-	FOUR	per	week	

#### EXPORTS:-

RUSSIA - Passenger carriages, goods wagons, tipper wagons, refrigerator wagons. TURKEY, BULGARIA, ALBANIA and MEDITERRANEAN COUNTRIES - refrigerator wagons Probably goods wagons are being sent to EGYPE according to information heard from worker friends after he had left.

#### SABOTAGE:-

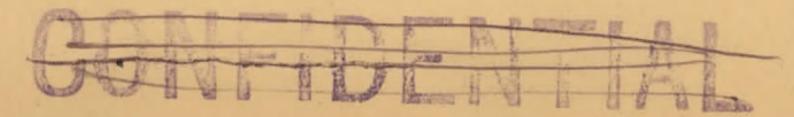

For three or four months while DONNELL was there, seats in the passenger coaches were being slashed in large quantities very frequently, causing considerable damage, loss of production and money.

#### PERSONNEL

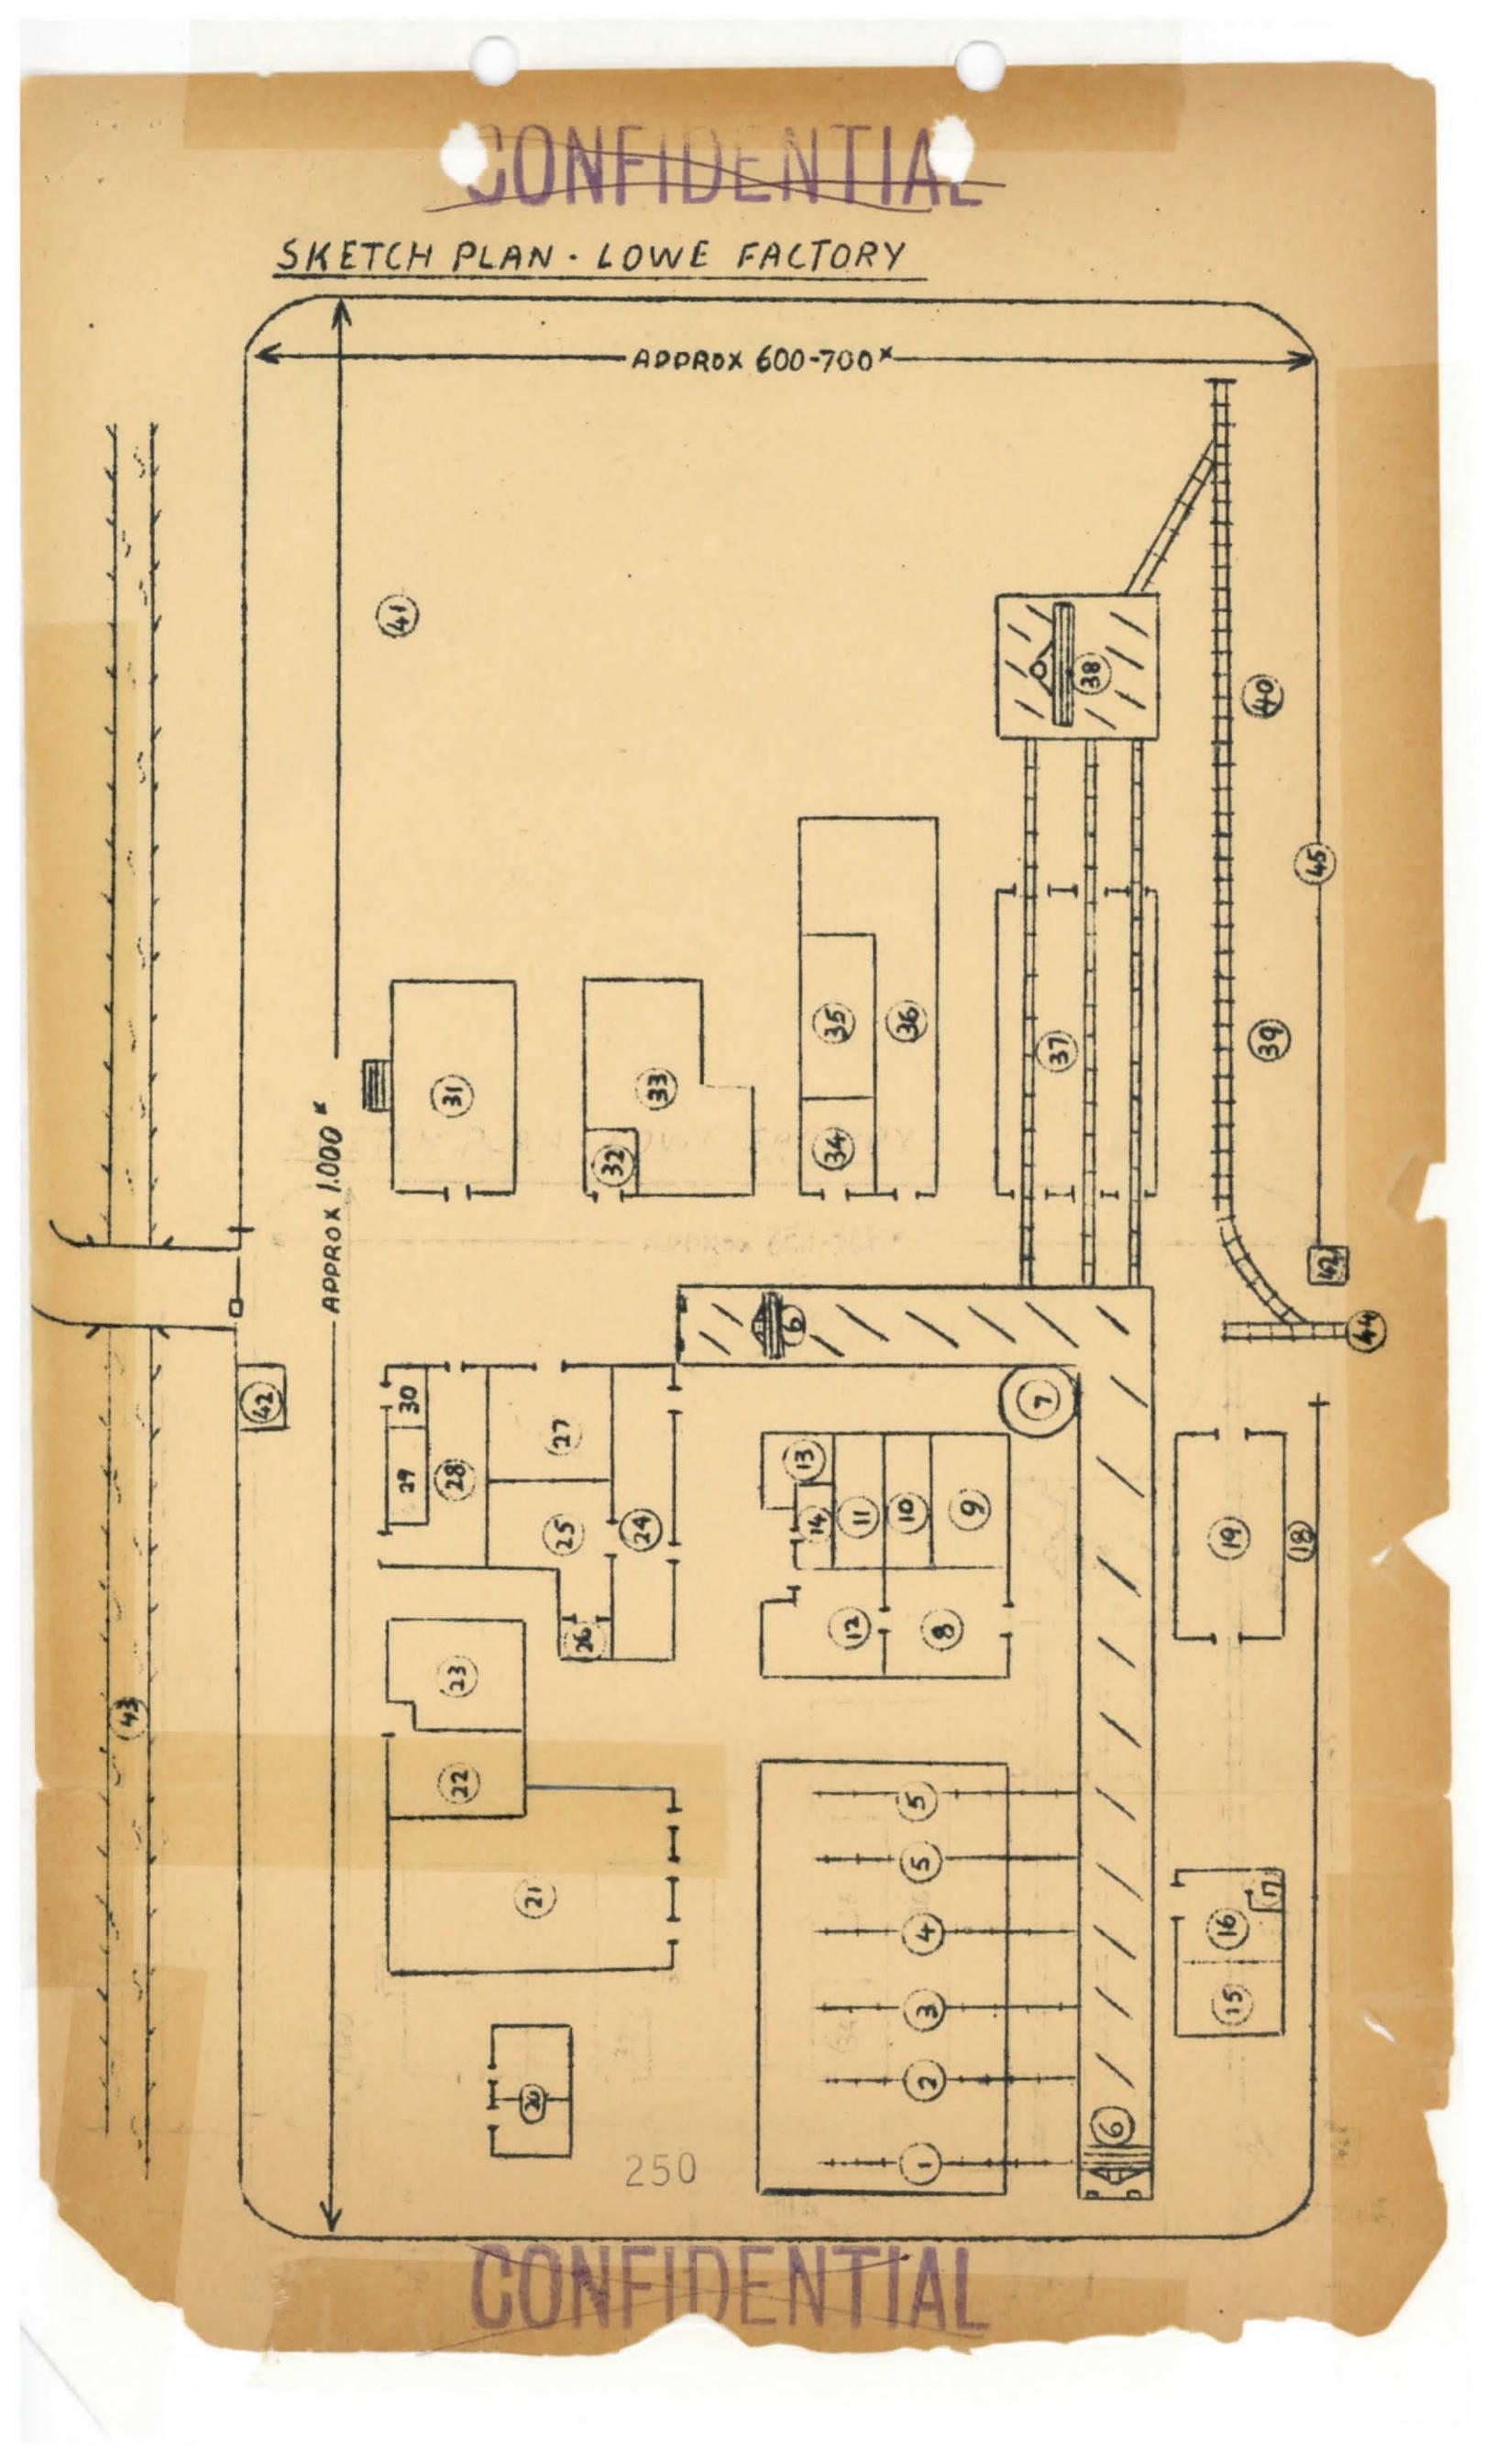

Approx 3,000.

The above particulars were known by DONNEEL as at Mar/Apr 55, and to the best of his knowledge there has been no appreciable change.

- LEGEND for SKETCH PLAN OF LOWE FACTORY
